When the empress dies three years later, Hippolytus marries a daughter of the King of England chapters We cannot rule out the hypothesis that Martorell, who spent some time in Naples, was aware of Curial - there are several coincidences in their geographic settings and the names of some characters - but a comparison reveals that the differences in substance and tone are enormous, with the exception of the realism of the everyday situations described. Seven papers based on SCIP data were presented and external experts were invited to comment on the papers.
